

## ***JOB & INTERNSHIP FAIRS***

Baruch College's Starr Career Development Center's Internship Fairs typically have over 500 students in attendance. Our last several job fairs were sold out and had waiting lists. On the day of the event, employers set up information tables, collect resumes, and meet informally with Baruch students.

Baruch offers several job fairs each year, including:

- Fall Career Day in September
- Spring Career Day in April
- Internship Fair in early February
- Diversity & Multicultural Career Expo in November

To sign up for job fairs, visit <http://baruch-csm.symplicity.com/events>.
