ACADEMIC & CAMPUS HIGHLIGHTS

Protect Yourself from Job Scams

The Starr Career Development Center is reminding students to stay alert for fraudulent job postings and email scams. Job scams can sometimes look like legitimate employment opportunities, so it's important to recognize the warning signs before responding or sharing any information.

Be cautious of employers who offer unusually high pay for minimal work, offer you a position without an interview, contact you from a personal or suspicious email address, ask you to transfer money, send you a check to deposit into your personal account, or request sensitive information such as your Social Security number or banking information.

Remember: Never pay fees or lend money to a prospective employer, deposit unexpected checks, or provide personal information unless you have verified that the employer and opportunity are legitimate. Whenever possible, apply through trusted sources such as company career websites and Starr Search.

If you receive a suspicious job offer or email, do not engage with the sender. Delete the message, flag it as spam in your Baruchmail account, and report suspicious activity to the Starr Career Development Center at careercd@baruch.cuny.edu.
